(LISTED BELOW)

SUPPLEMENT TO
REPORT NO.

COUNTRY Hungary

SUBJECT Soviet Aircraft in Hungary

THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE OF THE UNITED STATES, WITHIN THE MEANING OF TITLE 18, SECTIONS 793 AND 794, OF THE U.S. CODE, AS AMENDED. ITS TRANSMISSION OR REVELATION OF ITS CONTENTS TO OR RECEIPT BY AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. THE REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

1. There is only one Soviet air unit stationed in Hungary, a regiment, I believe. It is located at Tokol Air Field and consists of the following:

6 FO-2
3 DC-6
3 YAK-17 (jet)
1 YAK 17B
1 Stork Fieseler (Soviet engine)

There are also some Yak 9's, but I do not know how many.

2. There are, however, 150 Soviet aircraft which have been distributed to various tactical units of the Hungarian Air Force from Kecs-kemet Air Base: 90 IL-10 and IL-2, and 60 YAK-9. In 1948 Hungary had only one plane, an obsolete German type. The Soviets started building up Hungarian air strength in January, 1949.
